Pending Litigation – Committee on Special Education Placements

WHEREAS, a last minute legislative effort has resulted in passage of a bill that would heap new financial and administrative burdens on our school districts by requiring Committees on Special Education to take a student's home life and cultural environment into account when making special education placements and require reimbursement within 30 days of tuition payments made by parents for unapproved placements.

CSE PLACEMENTS - PENDING
LITIGATION

And WHEREAS, The bill may well violate federal IDEA requirements and according to the Poughkeepsie Journal, "leave local school districts exposed to a myriad of lawsuits and soaring special educational costs."

And WHEREAS, this legislation came without sufficient time for due consideration, leaving schools blindsided with new costs after their budgets were decimated to stay under the tax cap.

And WHEREAS, the legislation leaves districts with high ethnic and religious populations subject to outlandish parental demands, jeopardizing funds budgeted for other special education students and the general education population of the district; ignoring the fact that under the tax cap, unexpected funds must be taken from existing programs and services, hurting other students.

And WHEREAS, there are better ways to make sure that parents don't wait too long for reimbursement when it's found to be warranted, streamlining how placement challenges are settled and being culturally sensitive when making placements. Allowing parents to demand private school placement when an appropriate public school programs exists is detrimental to other students and the taxpaying communities that support our schools.

And WHEREAS, if the State of New York believes this is appropriate, it needs to provide the funding from its larger tax base and not expect local taxpayers to pay for a program that is not based on educational concerns.

And WHEREAS, the bill is legally flawed, as Committees on Special Education do not have the authority to reimburse parents for private, unapproved placements within 30 days as required under the bill. They may only do so only when directed by a hearing officer.

And WHEREAS, this amounts to New York State's first voucher program and one for only the wealthy, as only wealthy parents can afford to pay private, non-approved tuition payments and wait for reimbursement.

And WHEREAS, this is a voucher program intended to segregate our children. New York State has always been a leader in integrating all of our children, irrespective of race, culture or special needs. Now, we are not only allowing a return to segregation, we are encouraging it by paying wealthy parents to use high cost, private services based on culture and not the appropriate educational services needed by the student to separate student, depriving them of the advantages of a shared social experience.

Therefore, be it RESOLVED that the Board of Education calls on Governor Andrew Cuomo to veto this onerous and inappropriate legislation.

Moved by Trustee DiSibio, seconded by Trustee Gartner and carried unanimously.
On the Question: Trustee Douglas advised the Board to keep a close watch on this legislation, since it could seriously impact public education.

Employment of a Coordinator of Curriculum and Assessment

To employ Caroline Schozer as the Coordinator of Curriculum and Assessment effective August 13, 2012 on three years probation, and unless sooner terminated, at an annual salary of \$125,000.

CAROLINE SCHOZER
APPOINTED AS THE
COORDINATOR OF
CURRICULUM & ASSESSMENT

Moved by Trustee Douglas, seconded by Trustee Gartner.
The Clerk was asked to poll the Board:

Trustee Stris	No	Trustee Gartner	Yes
Trustee Chiachiere	Yes	Trustee Douglas	Yes
Trustee Evans	Yes	Trustee Greco Jacobs	Yes
Trustee DiSibio	Yes		

The vote being 6 Yes and 1 No, the motion carries.

In accordance with Board Policy #2360, Trustee Stris made the following Statement:

“I believe we are passing up an excellent opportunity to eliminate this position. I feel that it is in the long term, best interest of the district to use this money for the physical plant or classroom instruction. An interim of six months or a year should be sufficient for transitional purposes. I further believe that four principals, a superintendent and two assistant superintendents are adequate to administer this district. With this said, if the Board decides to continue the position, the candidate will have my full support.”

In accordance with Board Policy #2360, Trustee Chiachiere made the following Statement:

“There is time to save money and time to invest money. The newly revised position of Coordinator of Curriculum and Assessment is an investment in the future well being of the District’s academic programs. To think otherwise would be shortsighted and would fail to recognize this board’s obligation to protect the teaching and learning process. Schools across the state will remain under tremendous pressure to effectively manage the brave new world of APPR, common core and the multiplicity of changes about to overwhelm them. To do so without an administrator dedicated to this long-term task, fails to recognize the coming perfect storm.”
