Report of the Superintendent of Schools
Dr. Adrienne Robb-Fund

Superintendent Robb-Fund thanked the custodial and maintenance staff for their work in preparing the buildings and grounds for Hurricane Irene and the clean-up afterwards. LIPA worked all day to restore electricity at Howell Road School so the building was ready to open on the first day. She thanked LIPA and James Daly, Supervisor of Buildings & Operations, for working during the Labor Day weekend.

Staff returned September 6th and participated in professional development workshops during Superintendent's Conference Day. The superintendent shared her goals for this year with the staff:

- Get to know the Valley Stream 13 Community
- Review the 2010-2011 NYS assessment data and improve student achievement on the state and local assessments
- Strive for Academic Excellence for All Students
- Promote the Social Emotional Development of Learning
- Fiscal Accountability

Dr. Robb-Fund gave each classroom teacher the book "One" which is about respect and standing up for others promoting the theme for this year, "Dignity for All Students."

Since enrollment is up at Howell Road School, we will be adding an additional kindergarten class.

With the start of the 2011-2012 school year, children are reading, writing and learning mathematics. Willow Road's Intergenerational Reading Program began, Wheeler held its Positive Behavior Assemblies, Howell held its Positive Behavior in School kickoff that includes paying it forward; and at Dever families of preschoolers have been picking up the "Take Ten" bags. All schools held a moment of silence on September 9 in memory of 9-11, and Constitution Day was celebrated.

Dr. Robb-Fund invited the District 13 community to contact her if they want her to attend a neighborhood organization meeting or any other community event. Everyone is invited to attend the next Board of Education Meeting on October 25 at the Howell Road School beginning at 8:00 p.m.

Report of the Attorney
Florence Frazer

A report was given concerning the “Concussion Management and Awareness Act” which directs the Commissioner of Education and Health to adopt and implement rules and regulations for the treatment and monitoring of students with mild traumatic brain injuries. The State Education Department will be required to establish head-injury guidelines for school coaches, physical education teachers, nurses and athletic trainers. The guidelines would be used to identify symptoms of a

concussion and to ensure appropriate medical treatment is provided to an injured student. In addition, the new legislation requires school personnel to receive training in mild traumatic brain injuries and requires provision of informational pamphlets on mild traumatic brain injuries to parents of students who participate in interscholastic sports or who have suffered a mild traumatic brain injury. Legislation also requires written consent of and acknowledgement of receipt of such pamphlet by parents prior to their student's participation in interscholastic sports. No student who has, or who may have suffered a concussion may return to athletic activities unless the student has been symptom free for at least 24 hours and a licensed physician has authorized the student's return.

New Business

Trustee Stris reported that there is a new booklet entitled The School Board President's Handbook, a resource for effective leadership produced by the NYS School Boards Association. He further stated that in the newly revised section of Robert's Rules of Order, pages 477 and 478, there is an incorrect statement, namely, "If no one seconds the motion, the motion dies for a lack of a second." Trustee Stris advised that in small boards a second is not necessary, assuming a board adopts Roberts Rules as their governing rule. NYSSBA and their legal department researched this statement and found it to be correct. NYSSBA is under no obligation to immediately correct the error; however it will be corrected in the future printing of the handbook.

Visitors

Vincent Toma from Norwood Park Civic Association spoke about the school grounds, composting and beautification of the grounds, as well as the status of the Consolidation Study. Trustee Greco Jacobs addressed the Consolidation Study. The high school is the lead liaison for consolidation and they are sending out RFPs for pricing and the committee is working on this. Mr. Toma indicated he would be available to volunteer his time. He was invited to the building inspections on Saturday, December 3rd.

Krista Testani, a Willow Parent, asked about funding for school trips and G & T Clubs. She was advised that the principals and teachers decide which clubs they hold in each building.

Adjournment

The meeting was adjourned at 9:20 p.m. on a motion made by Trustee Gartner, seconded by Trustee DiSibio and carried unanimously.
