Click  to see your students, your assignments and the student's scores.

Select  to see the curriculum

The main sections are:

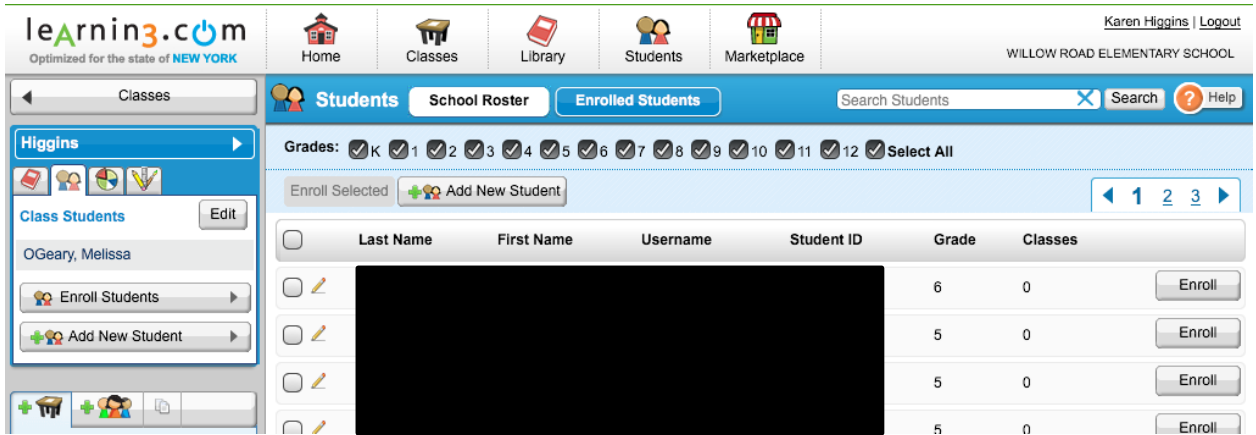

- a. EasyTech Online Safety – it is a “comprehensive online safety curriculum for K-12 that is based on research. It exceeds Internet safety education requirements for E-Rate, and enables district reporting. Elementary curriculum and parent materials are in both English and Spanish.”
- b. EasyTech or Easy Tech Integrator – is the “complete solution for student digital literacy, integrating 21st century skills in core instruction, and preparation for success on next-generation assessments like PARCC! The entire EasyTech library is available based on topic or grade level below, with specialized groupings of content for PARCC, Online Safety, and Keyboarding.”
- c. EasyTech Keyboarding – is “the fun, prescriptive solution for touch typing instruction”.

To Add Students to your Roster:

1.) Click  on top.

2.) You can Search by Students' Name or Scroll through all of a grade level. After you find the student, click .

3.) If the student is not listed, click . Fill in all fields on the form.

Username is student's first initial last name
 Password is student's birthday mmdd

4.) Click **Save** and then you can enroll students as shown in Step 2

To Add Curriculum:

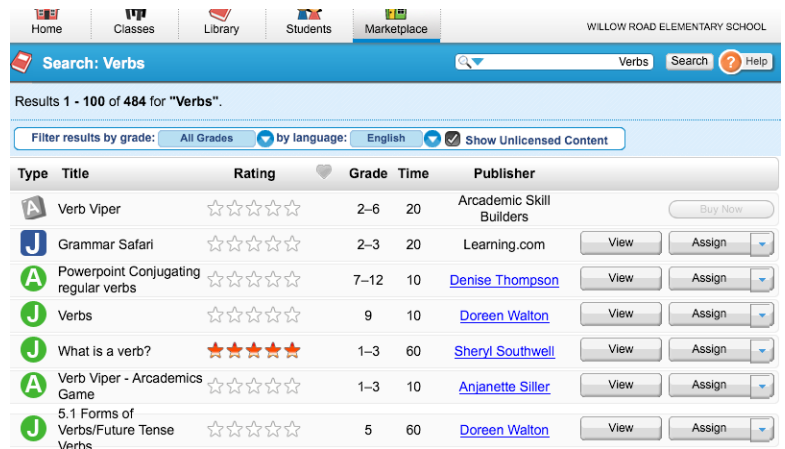

- 1.) Select **Library** to see the curriculum. Choose **EasyTech Online Safety, EasyTech Integrator or EasyTech Keyboarding.**
- 2.) **View** the curriculum you would like to assign.

- 3.) Prior to assigning the lesson, you can view the lesson, see the suggested grade level and the approximate duration of time it should take students to complete.

You can also see the type of assignment:

- A – Activity
- J – Journal
- W - Web Link
- L – Lesson
- I - Instruction Module
- D – Discussion

- 4.) Once assigned, you will see the assignment under the  **Classes** section.
