

VOTING PROCEDURES

Eligibility to Vote

A person shall be qualified and entitled to vote in any school district election and in all matters placed upon the official ballot, if such person is:

1. a citizen of the United States;
2. at least 18 years of age;
3. a resident within the school district for a period of 30 days preceding the election at which such person desires to vote;
4. qualified to register or is registered to vote in accord with section 5-106 of the Election Law which excludes:
 - a) those convicted felons who have not been pardoned or had their rights of citizenship restored, those whose maximum sentence of imprisonment has not expired; and/or those who have not been discharged from parole;
 - b) persons adjudged mentally incompetent by a court; and
5. listed upon current voter registration lists maintained by the local Board of Elections or properly registered to vote within the school district. In such districts, the Board of Education shall appoint a Board of Registration and shall designate the registration place and hours for district residents.

Challenges to voters believed unqualified to vote may be undertaken pursuant to Education Law 2019 provisions. Each annual or special election or meeting shall have an Election Supervisor appointed by the Board. Such supervisor shall have the responsibility of properly handling any challenges to the qualification of any voter.

Voting

Voting machines shall be used for recording the votes on all elections, budget votes, and votes on special propositions. The only exception to the use of voting machines shall be an emergency situation whereby the machines are unavailable due to a mechanical failure or state or local law prohibiting their use. If this should arise, paper ballots will be used.

Each voting machine shall have at least two election workers appointed by the Board in attendance during all voting hours. It shall be the duty of the District Clerk to keep a poll list containing the name and legal residence of each person before such person is permitted to vote.

Entering a voting machine with another person is prohibited, except upon request from a voter, in which case two election inspectors shall be allowed to enter the voting machine with that voter for the sole purpose of assisting that person in the actual manipulation of the voting machine. The election inspectors shall not advise or induce such voter to vote on any proposition or candidate, and the election inspectors shall never reveal the vote(s) recorded by the voter to any other person at any time.

Write-in slots on the ballot are required on the voting machines. Sample Ballots containing the names of nominated candidates will be provided by the Board. Sample and paper ballots will have a blank space under the name of the last candidate for each office so that voters may vote for candidates who have not been nominated for the offices to be filled at the election. There will be as many write-in slots as there are vacancies at the time of election.

The writing in, with a black lead pencil, of a name in the blank space so provided, will sufficiently indicate a vote. The district cannot require a voter to place any other mark beside the name of a write-in candidate, and any such other mark may void the ballot.

Absentee Ballots

The Board provides for the use of absentee ballots for voting. Such ballots shall be available for the election of members of the Board of Education, the adoption of the school district budget, and on questions and propositions submitted to the voters of the district. The application must be received by the District Clerk at least seven days prior to the election, if the ballot is to be mailed to the voter; or the application must be received by the day before the election, if the ballot is to be personally delivered. The application must be completed and returned, and the individual must verify therein that he/she meets all voting requirements, and explain the reason for his/her inability to appear in person to vote.

In particular, the individual must explain that he/she will be unable to appear to vote in person on the day of the school district election because:

1. he/she will be a patient in a hospital, or unable to appear personally at the polling place on such day because of illness or physical disability;
2. his/her duties, occupation, business, or studies will require him/her to be outside of the county or city of his/her residence on such day;
3. he/she will be on vacation outside the county or city of his/her residence on such day; or
4. he/she will be detained in jail awaiting action by a grand jury; awaiting trial; or is confined in prison after conviction for an offense other than a felony.

The district shall request registration lists from the Board of Elections for those voters whose registration record has been marked “permanently disabled” and shall automatically mail absentee ballots to such voters in advance of each district vote or election.
