KIDS YOGA

**Classes are offered at the Valley Stream Community Center
For boys and girls ages 5 through 13**

KIDS YOGA is a "child friendly" way for children to reconnect with themselves, unwind and slow down. Children will be encouraged to "play" yoga and experience how their breath and body move together in a fun-filled way. This program promotes inner-strength, confidence and self-esteem; a feeling of well-being and respect for others as well as love for one's self inside and out. Children will also gain flexibility, good posture, concentration, peace of body & mind, social interaction and body awareness and discipline.
