January 31, 2019

Dear Families,

District administration and the Board of Education are in the concluding phase of the decision-making process regarding the Request for Proposal (RFP) for our district-wide before and after care programming. Please be assured that we have paid careful attention to ensuring that the finalists have met the specifications that were included in the RFP and the top thoughts shared by our school community italicized below.

- 1. Program should ensure highly trained staff that know how to effectively work with all children;*
- 2. Program should have comprehensive homework help that really aids in completing the assignments;*
- 3. Program should include extracurricular activities that are engaging and focused on our children's interests; and*
- 4. Program should include flexibility relative to cost and schedule to meet the needs of our families.*

We are on track to announce our final decision by the last week in February and will work to ensure the community stays informed.

Thank you.

Yours truly,

Constance D. Evelyn, Ed.D.  
Superintendent of Schools
