Constance D. Evelyn, Ed.D., Superintendent of Schools

December 15, 2020

Dear Valley Stream UFSD Thirteen Parents and Guardians:

I hope you are all doing well during this holiday season. The winter months always present the beginning of weather concerns as they relate to school closures. Looking ahead to the middle of this week, the forecast is calling for inclement weather and significant snowfall Wednesday evening into Thursday. If inclement weather forces us to close school, the District will use one of our snow days that have been built into the calendar. As has been the case in years past, instruction will not take place on "snow days."

We will do our best to alert you as early as possible if we will have to call a "snow day" due to inclement weather. We appreciate the preparation time that early notification affords families to prepare for the closure of school. Our goal is to continue to keep schools open for in-person learning, but to do so in the safest way possible.

We appreciate your continued cooperation, assistance and partnership as we manage these challenging weeks.

Very truly yours,

Constance D. Evelyn

Superintendent of Schools
