## After School Chess Instructions By Long Island Chess Kids

Long Island Chess Kids was started by FIDE International Chess Master Milos Scekic who decided after more than 20 years of playing chess professionally to share and pass his knowledge to the youngest in our Long Island Community.

Classes are given by experienced scholastic chess teachers who will take your child's game to the next level. Beginners learn the fundamentals of the game. Experienced players learn essential strategies and tactics necessary for successful winning chess. Lessons are entertaining and challenging; they balance instruction and supervised Chess play.

Classes will be held at the Valley Stream Community Center
