Constance D. Evelyn, Ed.D., Superintendent of Schools

July 11, 2019

Dear Willow Road Families:

The Valley Stream Union Free School District Thirteen, along with its environmental services partners will conduct an asbestos abatement project inside Willow Road Elementary School on July 19th through July 20th. The work on the 19th will begin after our summer programs have been dismissed. The District anticipates all interior work to be complete by July 21st including the receipt of all mandated tests.

As with all asbestos abatement work, the District's environmental services partners will be following strict federal and state guidelines mandated for all asbestos removal and monitoring of air quality throughout the entire process.

As always, the District's highest priority is the health and safety of our students, staff members and all those who visit our school.

Sincerely,

A handwritten signature in black ink, appearing to read 'Constance D. Evelyn'. The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Constance D. Evelyn, Ed.D.
Superintendent
