Parent Portal Registration

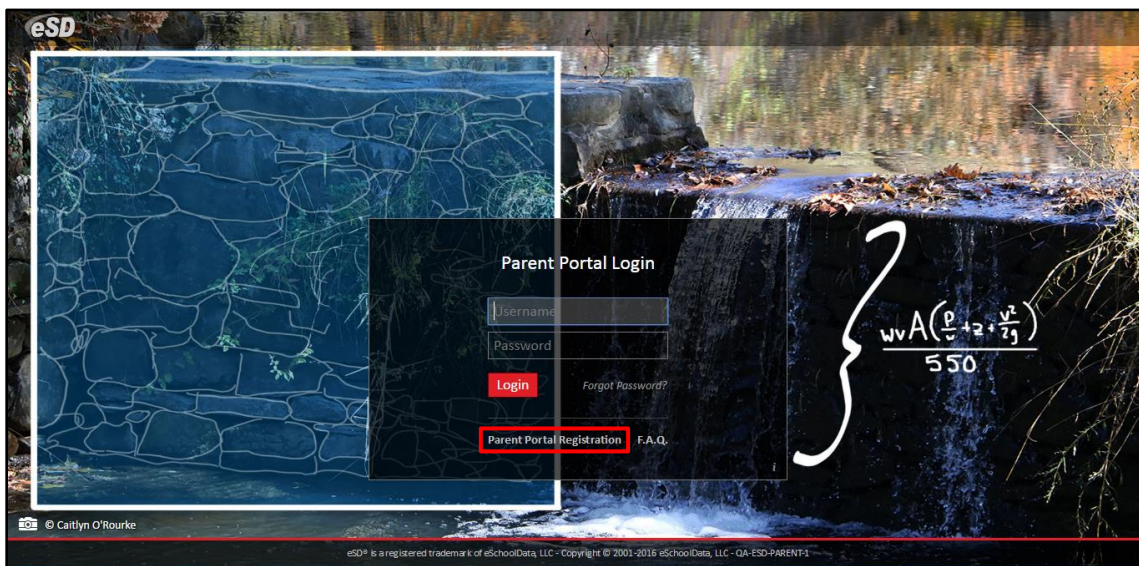

Please refer to your school district's website for an existing Parent Portal Link. If your district has not created a link on the school's website, you may use the link below.

Navigate to the school district's secure site (don't forget the **S** in https):

<https://parentportal.eschooldata.com/>

If your district has chosen to auto-generate parent portal accounts, generic User ID and temporary Password information will be distributed to parents/guardians. Parents/guardians will **not** be required to manually request portal accounts. If you have been given a User ID and temporary Password by the district, please skip to **Logging In** on page 5.

To request a parent/guardian portal account, click the link on the home page where it says **"Parent Portal Registration."**

A **Parent Portal Registration Form** will open.

Note:

The background image on the **Parent Portal Login** page can be customized by the district.

If it was not customized by the district, it will display winning students' entries from the eSchoolData® Login Page Art Contest.
