Constance D. Evelyn, Ed.D., Superintendent of Schools

August 4, 2020

Dear Valley Stream School Communities,

The reopening of school this September brings many challenges and opportunities for districts to provide support to our students, families and staff. The start of this year will be historically different than any other in years' past. All four of the Valley Stream Districts, 13, 24, 30, and the Central High School District have made preparations for many of the changes you will see in all of our districts and read about in the Reopening Plans that were published this past Friday.

In the spirit of being abundantly assured that all of our staff have completed the training, practice, and review of new protocols associated with the reopening of school in September, all four Boards of Education have supported the decision to open schools on September 3rd this year. This is a delay of one day that will again be primarily utilized for targeted review of new practices and professional development as it relates to the many nuances of reopening schools this year.

Thank you for your continued support of a successful opening of all schools across Valley Stream.

Sincerely,

Dr. Evelyn
